

**KEVAL**  
EXPORTS PVT LTD  
*Your trusted sourcing partners*

**O**ur founders had a vision of bringing the “soul” of India to the rest of the world. Built on strong core values, Keval Exports Pvt. Ltd. is your sourcing solution for food and consumer products from India.

With over 15 years of experience in the ethnic food and FMCG industry, our management team understands the nuances of this business. Our team's training in Current Good Manufacturing Practice, Hazard Analysis and Risk-based Preventive Controls for Human Food combined with experience in Indian and international arenas help to successfully work with international regulatory boards like -USFDA in USA & CIFA in Canada.

Our Guru Mantras (Service, Development, Consistency and Flexibility) give us the ability to deliver unparalleled value and service to our customers.

**Service Orientation** - Simply put, our customer's needs ALWAYS come first. We are committed to provide the highest level of customer service.

**Development** - We understand the importance of planning new product development and building brand equity. We are a partner through the entire process from Inception- Creating a brand name and designing the packaging - to Product Introduction - Identifying new products and forming promotional programs at point of sale/distribution.

**Consistency in Supply** - We know our customers need a consistent source of supply and to ensure that we have built a team consisting of qualified and experienced personnel who look after the procurement, processing, quality control, packing & fulfillment to meet our customer needs.

**Flexibility** - We pride ourselves on being able to customize as per our customer's requirement-mixed container loads, small minimum order quantities, packaging varieties (bottle, pouches, glass jars etc.) and new product sourcing are just a few examples of what we do well.

*“We invite you to explore  
what our business can do for you”*
